Professional Summary

Final-year B.Tech Computer Science Engineering student skilled in Flutter development, UI/UX design, and Python programming. Experienced in designing intuitive user interfaces, building responsive applications, and collaborating in team environments. Seeking a software development or UI/UX role to apply my technical, creative, and problem-solving abilities to impactful projects.

Education

Marian Engineering College, B.Tech in Computer Science & Engineering | CGPA: 8.36/10

MG Higher Secondary School, Thumpamon | Class XII (KBHSE) | 97%

MG Higher School, Thumpamon | Class X (KSEB) | 95%

Internships

Flutter App Development Intern — ICT Academy of Kerala

- Created 3+ responsive Flutter applications, improving UI consistency and reducing design errors by 20%.
- Optimized widget rebuilds, boosting app performance by 15% and reducing load time by 1.2 seconds.

Artificial Intelligence Intern — Rich Innovations

- Designed and trained ML models using Python and TensorFlow, achieving over 85% accuracy.
- Reduced training time by 10% through data preprocessing and pipeline optimization.

Cyber Security & Ethical Hacking Intern — TechByHeart

Python Intern — TechByHeart

Projects

Knowledge-Knack — Flutter, Dart

- Built a cross-platform knowledge-sharing app with modular architecture, reducing redundant code by 25% and improving responsiveness by 30%.

My-Money — Flutter, Dart

- Created a personal finance tracker used by 20+ users, featuring secure local storage and interactive charts.

Instagram Profile Clone — Flutter, Dart

- Recreated Instagram profile UI with pixel-perfect accuracy and increased development efficiency by 30% using reusable components.

Waste Classification AI — Python, TensorFlow, Keras

- Built a CNN model that achieved 92% accuracy in classifying recyclable and organic waste.
- Reduced preprocessing time by 15% through optimized data pipelines and hyperparameter tuning.

Technical Skills

Programming: Dart, Python, C, HTML, CSS

Frameworks & Tools: Flutter, TensorFlow, Figma, Git

UI/UX Design: Wireframing, Prototyping, User Research

Soft Skills: Communication, Teamwork, Creativity, Analytical Thinking

Certifications and Languages

- Springboard – Introduction to UI/UX Design
- Languages: English, Malayalam
